SAY CHEESE

Bring home French and Austrian cheese for the holidays and every day.

WHEN WE VISIT European countries like France and Austria, we're always blown away by the incredibly unique, distinctive and delicious cheese. We've thought about filling a suitcase to bring back, but there's no need — plenty of great French and Austrian cheese is available here. While it may feel (and taste) luxurious, European cheese isn't just for impressing guests during the holidays. A lot of our favourite odd weather recipes call for that melty, warm comfort, and French and Austrian cheeses fit the bill. The wide variety of versatile cheese can easily be incorporated into affordable, everyday staples — and you can find them at your local specialty store.

Renowned as the motherland of authentic cheese, Europe's unparalleled terroir shines in its dairy products. French and Austrian cheeses embody centuries of tradition and savoir-faire, and are crafted with sustainable production methods, often by family-run farms. This, along with Europe's rigorous agriculture and food safety laws, ensures unmatched quality, diversity and taste.

Add French and Austrian cheese to the local offerings on your spread and delight guests with a worldly cheese board that's full of flavour and distinct character.
